## TO CONTINUE THE WAR

Filipino Junta Gives Out Latest News From Aguinaldo.

## RIVER BOATS SURPRISED.

Insurgents Concealed in the Brush Along Rio Grande River Attack Two Gunboats, Killing a Sergeant and Wounding a Private.

London, May 15.—The Filipino junta here has received the following message from Aguinaldo, cabled from Hongkong under date of May 12:

"The Filipino government, in accordance with the general feeling of the country, has decided to continue the war at all costs until independence is secured.

"The Filipinos energetically refuse the American peace overtures, based on restricted autonomy coupled with promises of subsequent self-government.

"The Filipinos demand a strict fulfillment of the articles of the American constitution and treaties contracted by the American representatives when imploring a Filipino alliance in combatting the Spaniards.

"All the Filipino generals support Aguinaldo." General Luna's reported overtures for peace are untrue. Our army is near Manila, simultaneously attacking the whole American line.

"The heat and rains are causing many casualties in the American army. All the hospitals are crowded with sick and wounded. Four hundred of the Cincinnati regiment have been imprisoned by General Otis for insubordination in refusing to fight. The regular troops, quartered in Manila and other towns, are quiet. The volunteers are abused and are always at the front with scanty rations."

### Spanish Garrison in Danger.

Manilla, May 15.—On May 7 the Spanish garrison at Zamboanga, Colonel Oloriz commanding, was attacked by insurgents with arms which were taken from the Spanish gunboats before they were transferred to America. The garrison fought valiantly against this inexplicable aggression, driving the insurgents back and completely repulsing them. The Spanish general, Montero, governor general of the province, was seriously wounded, as were also Major Gimino and Captain Biulla, who was mortally hurt. Lieutenant Granadas was slightly wounded, one soldier was killed and three wounded. The insurgents suffered severely. An American merchant ship, the Dos Hermanos, which happened to be in port, was immediately dispatched to Iloilo. Captain Cano cabled the facts to General Rios at Manila, who cabled to Madrid. The government replied to put the transports Leon XIII and Puerto Rico at the Americans' disposal for the evacuation of the Spanish garrison.

### Will Replace Spanish Garrison.

Washington, May 15.—It is expected at the war department that General Otis will take steps at once to replace the Spanish garrison at Zamboanga with United States troops. The indications are that a comparatively small force will suffice, provided that it is supported by one or two gunboats. The place is one of great strategic importance, being the cap of the island of Mindanao, the second largest in the Philippine group and a good seaport. It was to this point that the Spanish forces retreated from Iloilo when that town was evacuated without notice to the American forces. The town is easily defensible with a small artillery force. The fact that the insurgents are in possession of rapid-fire guns makes the situation at Zamboanga more serious, but it is not believed here that they have a large supply of the ammunition necessary to operate the weapons which will consequently soon become useless to them.

### Satisfactory Results Expected.

Washington, May 15.—A satisfactory conclusion is expected by administration officials from the conference which will be held by the American Philippine commission with the commission which Aguinaldo proposes to send to Manila. In his dispatch to the war department General Otis announced that Aguinaldo had sent a messenger to him expressing a wish to send the commission to "arrange terms of peace." The administration officials express the opinion that this commission will submit to President Schurman and his associates the answer of Aguinaldo to the propositions made by the American commission to Colonel Arguelles, Aguinaldo's emissary, regarding the character of government which would be given to the Filipinos, and which Arguelles declared was satisfactory.

### River Boats in a Fight.

Manilla, May 15.—The "tinclad" gun-

boats Laguna de Bay and Cavadonga and a launch under Captain Grant ran into a nest of insurgents concealed in the brush on both sides of the Rio Grande river, three miles above Calumpit, and were received with heavy volleys at short range. A sergeant belonging to the Utah battery was killed and one private was wounded. Opening with the rapid fire guns, the Americans killed 20 of the natives and wounded several others, filling the jungle with a hail of shot for a half hour until the enemy fled.

### Returned From Philippines.

San Francisco, May 15.—The United States transport Valencia arrived from the Philippine islands.

### IRRITATION OF BRAIN

Causes George D. Scott to End His Suffering by Shooting.

New York, May 15.—George D. Scott, for the past two years manager of the Tarrytown estate of John D. Rockefeller, committed suicide at Tarrytown. He shot himself over the right ear with a revolver, and the bullet passed through his head, coming out at the top. Death was almost instantaneous.

Four years ago Scott was injured about the head by a trolley car in Cleveland. For a long time past he had been complaining. He was examined by a physician, who informed him that he was suffering from irritation of the brain.

### Questioned About Russia's Demand.

London, May 15.—The government was questioned in the house of commons regarding the Russian demand for a railroad concession to connect Peking with Russia's present railway system in Manchuria. The parliamentary secretary of the foreign office, Mr. William St. John Broderick, replied that the British charge d'affaires at Peking had reported that Russia had made such a demand, and it was understood that up to the present the Chinese foreign office had declined to grant the full concession. Mr. Broderick added that her majesty's government would be unable to make a pronouncement on the subject of Great Britain's attitude in the matter until all the facts were known.

### Returns to Its Owners.

Washington, May 15.—The United States supreme court decided the prize money case of the French steamer Olinde Rodriguez, the first of the naval prize money cases growing out of the Spanish war to reach the court. The decision was announced by Chief Justice Fuller and directed that the vessel which was captured off San Juan, Porto Rico, on July 17 last, and has been held since by this government, shall be returned to its owners, on the ground that it was not proven that the steamers intended to enter the blockaded port.

### Judge Day Not Present.

Detroit, May 15.—The United States circuit court room in the new government building, which is claimed to be the most elaborate court room in the country, was used for the first time. The occasion was a sitting of the court of appeals of the Sixth federal circuit, which was usually held in Cincinnati. The judges presiding were United States Circuit Judges Taft of Cincinnati and Lorton of Clarksville, Tenn. Judges William R. Day (ex-senator of state), who is one of the judges of the Sixth circuit, was unable to be present.

### Simply Forgot It.

Chattanooga, May 15.—General Joe Wheeler requests a denial of the widely circulated story to the effect that he was snubbed by the committee or arrangements at the Confederate reunion at Charleston. General Wheeler states that the rumors probably started from the failure of the committee to send him a carriage in which to ride in the parade. The committee told the general that the carriage would be sent, but the committee had the matter in charge, in the press of other business, forgot it.

### Southern Baptists.

Louisville, May 15.—Interest in the Southern Baptist convention centered about the meeting of the board of trustees. The business before the board was to fill vacancies and to receive the answer of Dr. J. T. Greene, who was elected president of the Southern Baptist seminary to succeed Dr. Whitsett. There are many rumors afloat to the effect Dr. Greene would either decline the presidency or withhold his answer until he could lay the matter before his college in Missouri.

### Window Glass Trust.

Anderson, Ind., May 15.—The \$30,000,000 window-glass trust is a certainty. Leases have been closed which place 93 per cent of the productive facilities of the country in control of the new combine. The work of organization has begun and the new concern will be ready to take the place of the window-glass combine on May 29, when all plants will close for the summer season.

## ELEVATORS ARE IDLE

"Monthly" Men Stop Work In Order to Assist Grain Shovelers.

## VIOLATION OF AGREEMENT.

Strikers Refuse to Work With Objectionable Men and the Situation on the Docks at Buffalo Becomes More Complicated.

Buffalo, May 15.—The grain shovelers, whose troubles were believed to have been satisfactorily settled, have refused to go to work in the elevators with the men who have been working, and whom the contractors refuse to discharge.

About 300 men assembled near the City elevator, where they found between 30 and 40 men working. They became very angry and the police, scenting trouble, refused to allow them on the dock. Some of the "monthly" men threatened to quit unless the men at work were discharged.

After a short discussion Superintendent Cutting decided to suspend operations, and the men were taken from the elevator. In the meantime the striking shovelers had gone to St. Bridget's hall, where President McMahon informed them that the contractors had violated the agreement. He advised the men to keep quiet, remain where they were and await developments. President McMahon then hurried away to see Bishop Quigley.

He returned shortly after noon. The bishop, he stated, was doing all in his power to arrange matters. McMahon asserts that every elevator is now completely tied up, by reason of the "monthly" men going out. The freight handlers, coal heavers and ore workers are still out. Business is at a standstill at the coal and ore docks, but the railroads have men at work on their docks and handling freight.

Thirty-five levee negroes from Cincinnati were put to work on the Central docks.

The "monthly" men from the elevators held a meeting and determined to order out all the men who manipulate the elevator machinery, including the steam shovelers. The situation has not been serious before.

The shovelers claim that they were required to get cards from Contractor Connors before they would be permitted to work, and that in addition to the objectionable shovelers at work, some of the boss scoopers objected to were working, notwithstanding the agreement reached that they were to be suspended, pending an investigation of charges against them. The shovelers marched to their headquarters with their scoops on their shoulders.

### Enlisting Porto Ricans.

Washington, May 15.—Within a few weeks a fully organized battalion of Porto Ricans, wearing Uncle Sam's uniform, will be performing duty on their native island, under the direction of American officers. The organization of the command was authorized by Secretary Alger and General Henry directed the commanding officers of the ports of San Juan, Ponce, Mayaguez, Arecibo, Aguillada, Cayey, Humacao, Ajuntas, Utado, Yuco, Coamo, San German, Bayamon, Manita Lares and Albonito to designate an officer to enlist, equip and instruct 25 men, including one sergeant and two corporals.

### They Will Accept.

Chicago, May 15.—The formal invitations to President Diaz of Mexico and Lord Minto, governor general of Canada, and their cabinets, to meet President McKinley and his cabinet in this city Chicago day, Oct. 9, at the Federal building cornerstone ceremonies, and to be the guest of the federal committee at the Chicago Autumnal festival, have been prepared in illuminated form and signed by 150 citizens of Chicago. A special envoy, who was sent to Ottawa and Mexico City, has received assurances from both Lord Minto and President Diaz that they will accept the invitation.

### To Oppose the Trust.

Wheeling, May 15.—The announcement is authoritatively made that the Wheeling-Iron and Steel company, which is itself in a combine with the Belmont and Benwood Iron and Nail companies, will at once begin the erection here of a tin plate mill and a wrought iron and steel pipe and tube works, to be operated in opposition to the tin plate trust.

Washington, May 15.—Thousands of colored men in this country are being induced to believe that they are to be pensioned by the United States government upon being able to show that they were formerly slaves. The promoters of this scheme have been at work for several years, and it is estimated that more than \$150,000 in small sums have been collected by those having the project in hand.

## BANK TAXES.

The U. S. Supreme Court Monday Decided the Cases Taken Up From Kentucky.

The Supreme Court of the United States Monday afternoon handed down a decision in the bank tax cases.

The cases of the Bank of Kentucky, the Farmers' Bank of Kentucky, Third National, Louisville Banking Company, all of Louisville, and the Deposit Bank of Frankfort are decided in favor of the banks.

By this decision the banks which were direct parties to the original suit decided when Judge Pryor was on the bench are sustained in their contention; that is, they are protected under the rule of "res adjudicata."

On the other hand, the banks claiming alike protection because of what is known as the Barker agreement lose; that is, the Supreme Court holds that the agreement to abide by the decision cannot be used for the protection of the bank whose rights were not specifically passed upon by the Kentucky courts.

The national banks are protected, as in the case of the Owensboro decision; that is, the court holds that the Kentucky law taxing the banks direct is contrary to the Federal law, and that the only way to reach the national banks is to tax the shares of the banks in the hands of the holders.

The trust company also lost.

## NOT SETTLED YET.

County Has Not Yet Succeeded in Buying the Big Pikes—Proceedings of the Fiscal Court.

The Fiscal Court met Monday pursuant to adjournment, all the Justices present. The committee heretofore appointed to confer with the Mason and Bracken, the Maysville and Lexington and Maysville and Mt. Sterling turnpike companies, reported that it had reached no agreement with the companies for the purchase of the roads.

On motion of Squire Perrine the lease of the three roads was then extended until June 5th, 1899, on the same terms as the original leases. It is understood the companies still demand \$83,000 for the three roads.

Claims were allowed as follows:  
D. F. Weaver, work on roads.....\$24 91  
C. S. Clark, work on roads..... 8 05  
Michael Brown, work on roads..... 12 50  
Dudley Fizer, work on roads..... 5 00  
Heehinger & Co., clothing in smallpox cases..... 9 80  
Rosenau Bros., clothing in smallpox cases..... 4 57  
Barkley & Co., shoes in smallpox cases..... 4 00  
M. C. Russell & Co., groceries in smallpox cases..... 6 60  
D. G. Wilson, groceries for paupers..... 2 09  
J. F. Hook & Bro..... 8 00

Each Justice was allowed \$30 for ten days service in attendance on the court.

All claims allowed by the court were ordered listed with the Sheriff for payment.

The County Judge was authorized to keep the public buildings insured.

Court then adjourned till court in course.

### Will Ask For an Advance.

Pittsburg, May 15.—The wage committee of the Green Glass Bottlemakers' association met here to revise their demands for presentation at the joint conference of workmen and manufacturers. The workmen will ask for an advance of 14 per cent.

## THE QUEEN IN LONDON

Her Majesty Is Enthusiastically Received by the Crowds.

## LIST OF AMERICAN LADIES.

Mrs. Choate Wife of United States Ambassador Will Present Her Sister and Other Friends at the Drawing Room.

London, May 15.—Queen Victoria arrived in London from Windsor, accompanied by the Duke and Duchess of York and her suite, and drove to Kensington palace, the party occupying a number of open, 4-horse landaus, with postillions in blue and white and red-coated outriders, and escorted by a detachment of the horseguards.

Crowds of enthusiastic people lined the route to the palace, where her majesty visited the old apartments which she occupied as a young girl, which have been renovated preparatory to opening the palace to the public.

Mrs. Choate, wife of the United States ambassador, will present at the queen's drawing room, in addition to Mrs. Alfred Parish, her sister, and Mrs. Jennings of Philadelphia and Miss Nora Neaf of Chicago, Miss Mary Stillman of New York.

In the diplomatic circle Mrs. Choate will present Miss Choate and Miss Elizabeth Choate, a niece of Mrs. Choate, and Mrs. and Miss Leishman, the wife and daughter of the United States minister to Switzerland, J. C. A. Leishman.

On the arrival of her majesty at Paddington railroad station, she noticed on the platform a shaggy Irish terrier named "Tim," which collects contributions for the widows and orphans fund of the railroad. The queen had "Tim" brought to her by the conductor of the train, and after patting the terrier on the head, she dropped a piece of gold into the metal box hanging about the dog's neck.

### American Mills Overcrowded.

London, May 15.—The cable dispatch announcing that Dick, Kerr & Company of London have secured an order for 300 tons of steel guard rails, to be used on the new Boston Elevated railroad, has been treated by the newspapers here as an industrial victory for Great Britain, and as a reply to the granting to a Philadelphia firm of the contract to erect a bridge over the Atbara river in the Sudan. Mr. Kerr, the senior partner of the firm, said it is no victory at all. Three contracts from New York, Boston and Philadelphia were given to us without solicitation, and simply because the American mills are overcrowded.

### Opposition to the British.

Hongkong, May 15.—The native opposition to the occupation by British forces of the new territory, Kow Loon, opposite Hongkong, has suddenly been renewed. About 900 men of the Hongkong regiment, with machine guns, are leaving here, while the volunteers have been warned to be in readiness for any emergency. The British secondclass gunboat Swift and three other gunboats are proceeding to sea under sealed orders. These warships have 500 men on board. The territory back of the Hinterland is also disturbed and Chinese troops have been sent there.

### Investigating Export Rates.

New York, May 15.—The interstate commerce commission began an investigation in this city of the export rate situation and the alleged manipulation of low export grain tariffs of which complaints have been made by New York merchants against the eastbound lines to Newport News, Baltimore, Philadelphia and other North Atlantic seaboard points. It is asserted that tariffs for export trade are lower than those on domestic shipments, and that domestic grain has been carried at the low export rates on the representation that it was destined to a foreign port.

### Engineers Start For Manila.

New York, May 15.—Eighty United States engineers from the barracks at Fort Totten, Willets Point, started for the Philippine islands under the command of Lieutenant Chase Lotter of the Twenty-first Infantry, which is now at Manila. The engineers are volunteers and came from companies B and D of the Willets Point corps. The men will travel to San Francisco by rail and are due to sail on the transport Sherman on May 22. They expect to be in Manila in seven weeks.

### Letter of Defense Sent.

New York, May 15.—It is stated that Professor McGiffert of the Union Theological seminary, accused of heresy, has sent a letter of defense to the sented clerk, the Rev. Dr. W. H. Roberts of Philadelphia, to be presented to the Presbyterian general assembly, which meets in Minneapolis on Wednesday.

Lieutenant Governor Worthington vows he "wouldn't accept the Governorship as a gracious gift."—The pardon seekers have been making life miserable for him.

A MEETING was held at Cynthiana last evening to devise plans to get the right of way through Harrison County for the Black Diamond road. The British capitalists seem to want something more than a road on paper.

Mr. J. C. VAN PELT, Secretary of the Commercial Club of Louisville, on investigation finds that since the passage on March 16, 1898, of an ordinance exempting new factories from taxation for five years twenty-five new industries, employing from fifty to 150 men, have been started in that city. Among the industries are three clothing factories, one bagging factory, one foundry, two stove works, two sugar factories, two machine works, one rope factory, three tobacco factories, one wagon factory, two carriage and woodenware factories, one oil mill, one soap factory, one ice factory, one lumber and barrel mill, one harness factory and one chair factory. The passage of the ordinance was largely the result of the exertions of the Commercial Club of that city.

### DEBOE IS GREEDY.

Wants all Census Places in Kentucky for the Republicans, But May Not Get 'Em.

WASHINGTON, May 15.—Senator Deboe and a party of Kentucky politicians from the Bluegrass State called on Director Merriam, of the census, to-day and had a conference with him regarding the appointment of the supervisors for Kentucky.

Director Merriam's plan is to divide appointments up between the Republicans and Democrats, but Senator Deboe says there are enough Republicans in the State to allow of their appointment to all the places.

It is not thought that Director Merriam will change his plans, but will divide the appointments between the two political parties.

### Scientific Fruit Culture.

A French agricultural journal gives the method by which a vine-grower of Touraine is said to produce magnificent grapes. He dissolves two kilograms of sulphate of iron in 100 liters of water and sprinkles it on the leaves and bunches of the vines. The first application is made when the grapes are one-third their full size, the second about a month later, and the third about twenty days before they are cut. It is asserted that corresponding results are obtained with pears, apples and cherries. The method is inexpensive, and the journal quoted recommends a trial, though it does not guarantee the success of the treatment in all cases.—Florida Agriculturist.

### Sawdust Brick.

VALPARAISO, IND., May 14.—The Porter brick yards, at Porter, this county, is experimenting on a new method of brick manufacture, invented by a Miss Shaw, of Evanston, Ill. She proposes to make them of sawdust, combined with a chemical, which makes the brick absolutely impervious to both fire and water. Some samples were made, which were thrown in the boiler furnace, and the fire had no effect upon them. They could not be melted, although given a severe test. Miss Shaw has ordered enough brick made for the erection of a building, and a frame building will be built adjoining it, and then both will be set on fire in order to convince builders that her invention is all right.

### Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.

LADIES' \$1.50 GOWNS,

89c

We have purchased from one of the largest Muslin Underwear-manufacturers in the country their entire remaining stock of one grade of LADIES' NIGHTGOWNS. These gowns were originally made and sold to retail at \$1.50 and you have paid this price many a time for goods that do not possess the merit of this special lot. They are made of high grade cambric, neck and sleeves trimmed with superb tuchon lace. Some come with lace yokes, others with tucked yokes and ruffled cuffs. There are only about twenty dozen in all. Remember 89c. instead of \$1.50.

READY-TO-WEAR

LINEN AND PIQUE SKIRTS

We gave this stock the very strictest attention this season. We determined that every skirt should have the proper hang and fit and be as up-to-date as the best skirt makers could produce 'em. Prices considered, we warrant the quality of the linen in every one of our skirts. We have them in the plain effects, others trimmed with fancy white braid and some trimmed with five rows of navy blue braid of different widths, at 45c., 89c., \$1.25 and \$1.98. A great line of White Pique Skirts, made of different styles of welts, worth fully \$1.50. at 98c.

## THE STREET FAIR.

Remember the Dates Are May 25, 26 and 27 and That Everything is Absolutely Free.

Many premiums of an attractive nature for the various products of the farm, dairy, etc., are offered, and are of sufficient value to encourage competition.

The amusements are of a varied order, and contain all the latest novelties,—balloon ascensions, both day and night, high wire walkers, daring trapeze performers, jugglers, contortionists, funny vaudeville show, etc.

Don't be misled by the glaring posters of the circuses in regard to the date of the street fair, and remember at the street fair everything is absolutely free.

Those who are contemplating entering into the hymenal yoke will do well to get a premium list of the street fair. Enough presents are offered to get the couple up in housekeeping. Send in your applications at once. No publicity will be given the names of the applicants until the day of the wedding.

The dates of the fair are May 25th, 26th and 27th.

## DIED AT ROME, GA.

Mrs. C. B. Hudgins, Formerly of This City, Passed Away Sunday Night.

The many friends of Mrs. Annie (Albert) Hudgins, wife of Rev. C. B. Hudgins, learn with sincere sorrow of her death which occurred at midnight Sunday night, at her home in Rome, Ga., after an illness of a week or so. The funeral occurred this morning at 10 o'clock at Rome. Interment at that place.

Mrs. Hudgins was the oldest daughter of Mrs. Katherine Albert of this city. Her husband, who was formerly rector of the Church of the Nativity, survives her, and she leaves one son and five daughters.

## JOHN ROBINSON'S SHOW.

The Amusement Golconda of the Period.

More than seventy years of continuous ovation has characterized the career of the John Robinson show, which this season is reaching the proud culmination of its triumphs. No other show in existence can display so continuous and so clear a record. From the cold waters of the Kennebec to the shores of the Pacific, from the northern boundaries of civilization to the southern limit of this continent, for more than one generation has the name of John Robinson been a household word, and the coming of the always unexceptionable exhibition enterprises that bear his name is ever greeted with a hearty welcome. From the genesis of the show until its present colossal perfection, there has not been a solitary season in which it has not led its fellows in the multiplicity and general excellence of its attractions, and now it towers above and dwarfs all contemporaneous tented exhibitions into comparative insignificance, and this season it presents such an opulence of sterling and meritorious attractions as to truly entitle it to be designated as a vast amusement golconda whose wondrous wealth of entertainment is unlimited and immeasurable. It is merely a work of supererogation to say that his circus has always been the best and biggest, always in the van, always prolific in leading and sensational features, and always fully equipped with the finest stud of horses and the most skillful and finished bareback riders, gymnasts and acrobats in the profession; that his large, well-ordered and well-selected menagerie contains living, vigorous specimens of all that is strange, rare and curious within the range of natural history, and that his Roman hippodrome is a vivid and realistic reproduction of that of the days of Caesar.

"Cleanliness is next to godliness." Dirt and depravity go hand in hand. This fact just as true of the inside of the body as the outside. Constipation clogs the body and clouds the mind. Constipation means that corruption is breeding in the body, poisoning the blood with its foul emanations, befogging the brain with its tainted exhalations. Constipation is the beginning of more diseases than, perhaps, any other single disorder. The consequences of constipation are legion. Headache, pain in the side, shortness of breath, undue fullness after eating, coldness of the extremities, nervousness, indigestion, lassitude, dizziness, salivaceous, flatulence, and a score of other ailments are directly caused by constipation. The quickest cure of this evil is obtained by the use of Dr. Pierce's Pleasant Pellets. They are small in size but wonderful in result. They cure permanently. They contain no injurious ingredients. The use of them does not beget the "pill habit." Ask your druggist for them. Send twenty-one cent stamps, the expense of mailing only, and receive Dr. Pierce's Common Sense Medical Adviser, in paper covers. This work contains 1,008 pages and 700 illustrations. For thirty-one stamps it can be had in substantial cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE TIGER TOBACCO TRANSPLANTER.

Makes the farmer absolutely independent of the weather. He sets his plants when he gets his ground ready, rain or shine. The superiority of the Tiger over all other Transplanters has been plainly demonstrated during seasons of severe drouth, when experiment proved it to be the only machine that could be depended upon to give a good stand of plants under any and all weather conditions. With the TIGER the plants are properly set. The roots are in the puddle formed by the water, loose earth being forced down around and above the plant. In effect the water valve on the TIGER stands still at each hill long enough to pour the water precisely where it is wanted—a feature that cannot be duplicated by any machine devised by man. THE TIGER PUTS THE WATER JUST WHERE IT IS NEEDED—AT THE ROOTS. There are many superior points on the TIGER that makes it far ahead of any other Transplanter ever put on the market. We ask your inspection of same and that you place your order at once, as the factory could not supply the demand last season and we, ourselves, were only able to get a portion of our orders filled. So do not delay, but place your order with us at once, that we may be able to supply you before our stock is exhausted. Remember first come first served.

### An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, and the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

## COMMISSIONER'S SALE.

### MASON CIRCUIT COURT.

Frank S. Owens' adm'r, Plaintiff.  
Against  
Frank S. Owens' Heirs, &c., Defendants.

In obedience to a judgment and order of sale of the Mason Circuit Court, rendered in the above mentioned cause at the February term, 1899, I shall, on

THURSDAY, JUNE 1, 1899,

at 2 o'clock p. m., on the premises, proceed to sell at public auction, to the highest bidder, on credit of six, twelve and eighteen months, the following real property, to-wit:

First—The house and lot lately occupied as the family residence of Mrs. Frank S. Owens, deceased, situated on Front street, between Grave Alley and Wall street, in city of Maysville, Ky., fronting 40 feet, more or less, on Front street and running back 135 feet, more or less, to Zweigart's line. Said residence is a two-story brick in first class repair and contains eight rooms, hot and cold water and all modern conveniences and appliances.

Second—That certain lot fronting fifty feet on the south side of West Second street, formerly in Lynn County, Texas, known as survey No. 33, block A 1, situated about ten miles S. 60° W. from the center of Lynn County and being same that was located by virtue of land scrip No. 142 to T. C. Read, assignee, etc., of East Blue and Red River Railroad Company.

The purchaser must be prepared to promptly execute bond, with approved security, for the purchase price, which bond shall bear legal interest from day of sale until paid.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

"The receipts of tobacco still continue light and are sold largely on arrival. Small sales and the continued demand has caused prices to strengthen, and we think prices the past week have been fully as high as at any time since the beginning of the year, and reaching the sellers' views, were mostly accepted. The demand has been mostly by the manufacturers' agents, although speculators and re-driers have been liberal bidders, and through this competition prices have been advanced. A large portion of the offerings have been of the low grades, very little fancy tobacco being offered, but what few hogsheads were on the sales were taken at quite an advance, with sharp competition. The small breaks no doubt have caused buyers to bid more liberally, which will continue until shipments are increased.

"Considerable redried tobacco is now finding its way to the market, and buyers show a spirited competition. Sales are very satisfactory to shippers, as prices are some higher than the winter order tobacco. There has been some excellent bulking seasons, and no doubt a large amount of tobacco has been taken down by the handlers, and, with an advanced market, we can expect receipts to increase, as it is the general opinion that the June market will be the best of the year, especially if the growing season is at all unfavorable.

"Offerings of old tobacco have been very limited and prices continue about the same, as the buying interests do not appear anxious to purchase except at about the same rates, but it is about all gone.

"The little encouragement from the market has made some of the country speculators advance their prices in the country in excess of the market here, which will be realized fully when they come to sell.

"With small offerings the coming week we can expect a very strong market."

### LOUISVILLE TOBACCO MARKET.

Some Grades Very Strong—Red Leaf and Tips Very Scarce.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 2,644 hhds. with receipts for the same period 2,267 hhds. Sales on our market since January 1st amount to 74,383 hhds. Sales of the crop of 1898 on our market to this date amount to 75,786 hhds.

Common red trashes selling between 4c. and 5½c. were very strong again last week, and we think they are even a few bids higher than previous week. We did not like the market quite as well on the common color trashes selling between 5½c. and 7c.; while these grades are not quotably lower, still we did not think the competition on them quite as keen as last week. Common red leaf and tips were very scarce on our market, and, as the demand for them remains very strong, they seem to be gradually strengthening each week. We see no change in the values of good red burley tobaccos, and we think the market on this kind of tobacco (selling between 11c. and 14c.) remains about the same as last week. No fine burleys have been offered this week.

The following quotations fairly represent our market for burley tobacco 1898 crop:
